

# Homework Year 4 Summer 1

## The Royal Family

Choose as many of the following activities as you wish:

- **Art task** – Draw or paint a portrait of your favourite member of the Royal Family. Use any media you wish (paint, pens, pencils, tissue paper etc).
- **History task** – research and present the Royal family tree.
- **Geography task** – use secondary resources to research a building that belongs to a member of the Royal Family. Write a report about it. Where is it located? When was it built? What is the area like where it is located? What is its purpose? Etc.
- **Music task** – make up a song that could be played for the next Royal Family celebration. E.g Wedding, The Queen's birthday or the new Royal baby.
- **English task** – Write a newspaper report about a past or upcoming event. It could be about Prince William's wedding or the new baby on the way or even about Prince Harry's upcoming wedding. Think about how we lay out and present a newspaper report and what features you could include.
- **Maths task** – Write your own reasoning, problem solving or word problem questions based on members of the Royal family. For example:  
*Prince Charles has a whole bag of sweets. He eats  $\frac{4}{7}$  of the bag. How many does he have left?*  
Think about what we have been doing in class. If you need any help or examples for this activity ask your teacher.

### **EXTENSION:**

Design your own mode of transport that the Queen could use to get around in. What makes it special? Label the features it has. How will it keep her safe?

We look forward to sharing and displaying your homework at the end of half term.
