

Message from the new Chair of Governors

As you will know Bruce Tuxford has been a huge help to all at Icení, not least in helping the school transition into an Academy. After 7 invaluable years as Chair he has now stepped down given his new role as a Director of the Connected Learning Trust of which Icení is a part. On behalf of us all I thank him for all he has done and pledge myself as the new Chair to do all I can to carry on his work, alongside my fellow Governors. For my part I have been so impressed by the ability, ambition and commitment of the Head and her team. I look forward to working with them yet more closely and to meeting parents and pupils. As ever, do let us know if Governors can do more to help the great job being done at Icení and or to meet concerns you may have.
